Ramsey Bay Snowmobile Club

Presidents Message 2018

Hello and Welcome Snowmobilers

I'm sure everyone is looking forward to another year of great sledding with plenty of snow.

Last year we had a few set backs with the family ride being cancelled again and we had a fishing derby without any fishing. I would like to thank Ken and Tim for coordinating that event.

I wish I could tell everyone that the Musquash shelter was finished. There is still tin to be put on the out house and we have a new sign that was made and donated by Les Anderson.

This year we have built a new bridge on the Ashley trail.

Well this being my last message it's time to thank everyone.
I like to thank Tyler for all his time and his help over the last 4 years.
I'd like to thank Elsie and her kitchen crew for there many wonderful meals.
I must also thank Sandra and Jacky for all their help at keeping the gaming commission at bay.
And while she is absent I must thank Cheryl for all her help.
And for all the volunteers that work on our trails , we all thank you.
Lastly I want to thank Peter for the years of service to this club, for all his help to me over the last 4 years.
